

# NISANSALA GAMACHIGE

Graphics Designer

## Profile

I am a front end developer and I like prompt engeneering. Skilled in crafting effective and optimized prompts for tasks such as content generation, summarization, and problem-solving. Passionate about exploring how AI can be guided through prompt design to achieve accurate, creative, and task-specific results. Eager to learn and contribute in a dynamic, innovation-driven environment. I am currently pursuing my education at the University of Sri Jayewardenepura.
